Packaging Instructions and Decal Placement

D412-630-034

Wrap hardware and paperwork together and identify with part number and batch number. Clean step. Apply D2729-4 decal on the inside of the larger bracket. Apply Dart labels, one on each end of step. Wrap center of step in foam, then wrap each folding bracket separately. Put a piece of cardboard on bottom of box. Put foam MFFOLDSTP, one on each inside flap of box. Place step on foam so bracket is on inside. Place a piece of foam MFFOLDSTP under each elbow of bracket. Repeat same process for the RH folding step. Once both steps are in box with appropriate hardware and paperwork, glue foam MFFOLDSTP to foam MFFOLDSTP, then put glue on top of foam and place a piece of cardboard on top. Place over the top. Strap box closed. Tape over strapping and put Dart tape centered lengthwise. Apply label D2729-3 as per instructions in QSI 014.
